PROCESS RESEARCH & RISK MANAGEMENT

The key pillars of our primary research and risk construction are:

DETAILED KNOWLEDGE OF OUR UNIVERSE

Top 250 names are continuously monitored

PORTFOLIO SIZING & CONSTRUCTION

Based on conviction, risk and incremental portfolio risk. Controls on liquidity and concentration

PROPRIETARY INTERNAL RESEARCH

Internal research of themes, catalysts and price points

ACTIVE SHORT BOOK

Actively hedge out excess stock and sector risk with active short book to limit overall risk

OVERLAY OF MACRO VS. GLOBAL THEMES

Continuously evaluating our position against global trends for fund optimization

RESIDUAL MARKET RISK

Systematic and continuous hedge of residual market risk with options

PROCESS RISK MANAGEMENT

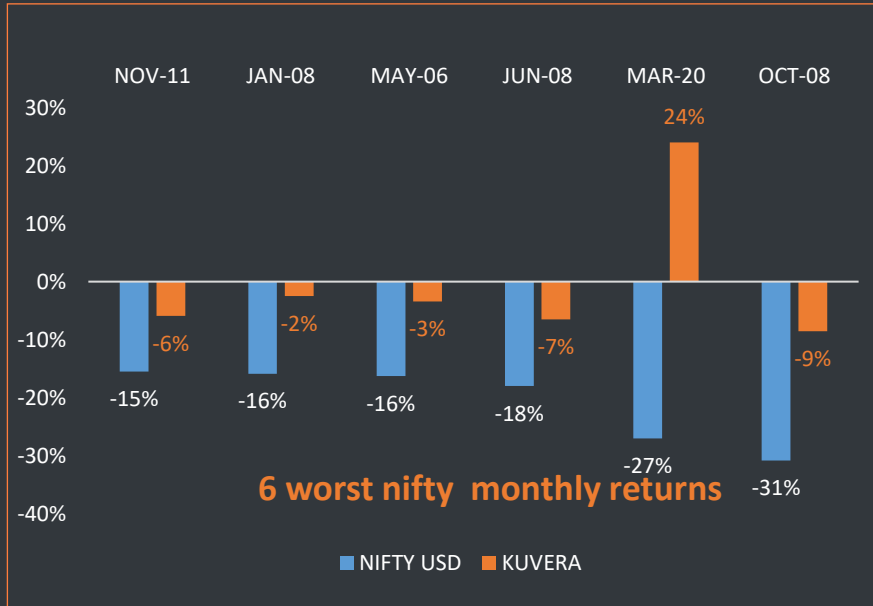

Our approach to managing five key risk aspects

PROCESS MARKET HEDGE EXAMPLES

By hedging, the drawdowns are limited – you can stay invested longer

NEGATIVE MONTHS PROVED SUCCESS OF PORTFOLIO HEDGE

INTRADAY VOLATILITY – 22 JANUARY 2008

INDIA: THE GROWTH STORY

A summary of key trends that typifies the Indian market

During the next four decades, Indian GDP is expected to grow at an annualized average of 8%, making it potentially the world's fastest-growing major economy until 2050

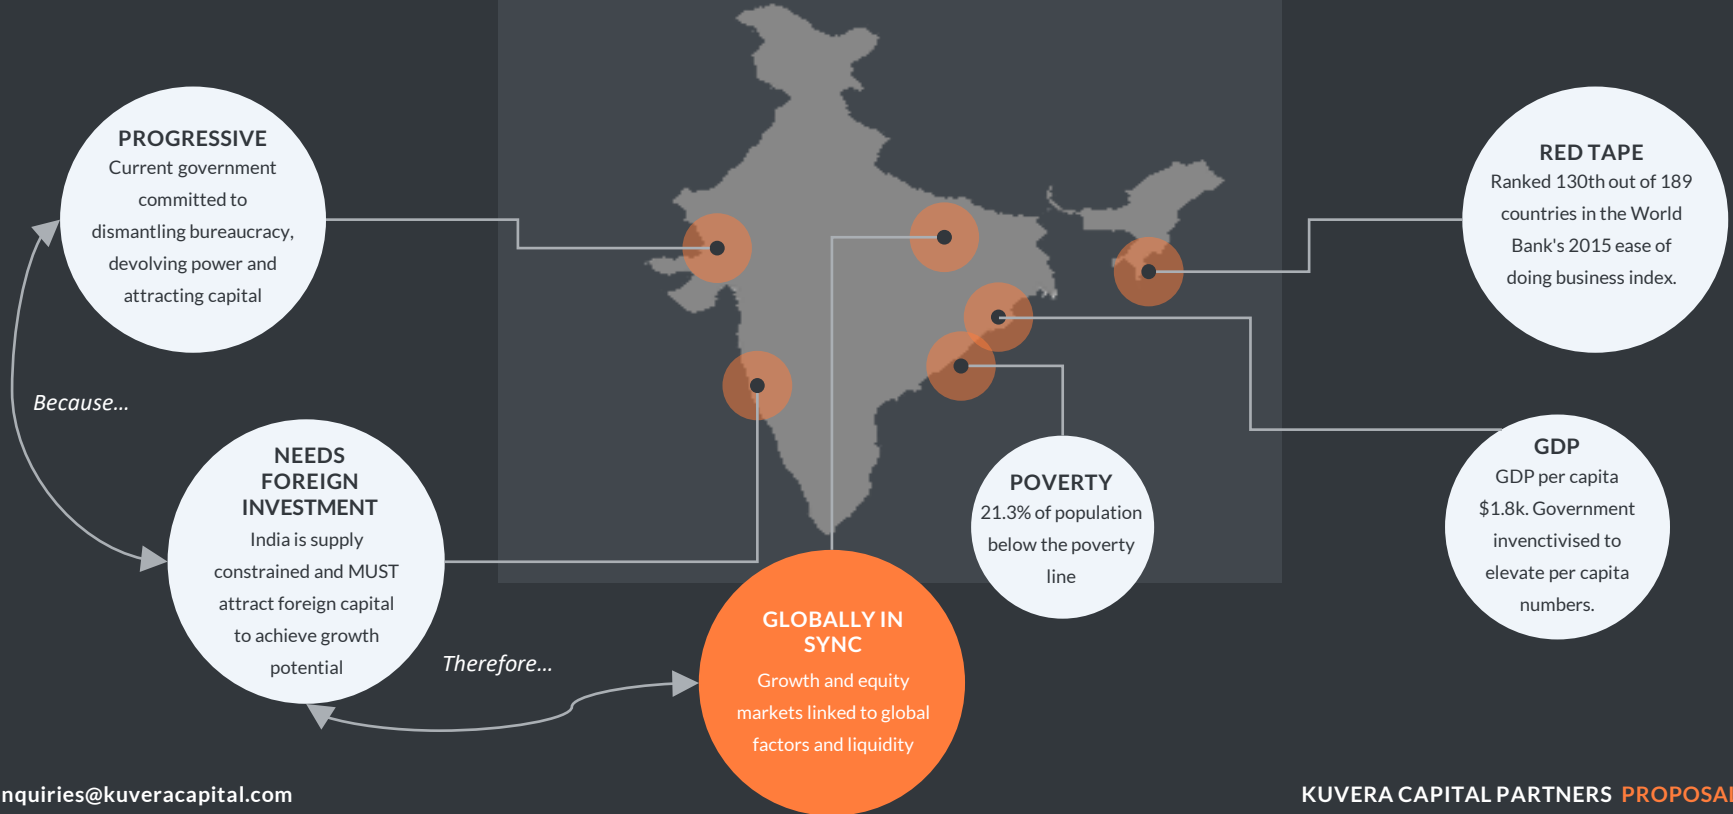

“As a market economy India is poised to overtake the US in GDP by 2045” - PWC

Young and rapidly growing working-age population; growth in the manufacturing sector because of rising education and engineering skill levels; and sustained growth of the consumer market driven by a rapidly growing middle class

- ‘A bright spot’ Topped World banks growth outlook for 15-16 – (7.6%)
- Indian automobile industry is one of the largest in the world: annual production 22m
- The Indian retail market is estimated to be worth USD 600 billions and one of the top five retail markets in the world and fastest growing
- India's consumer market, the world's eleventh-largest, is expected to become fifth-largest by 2030
- 7th largest economy in the world (3rd on a PPP)
- Home to 104 Billionaires (5th in the world - 2019)

INDIA THE OPPORTUNITIES & CHALLENGES

Kuvera has a bullish view too, but acknowledges the risks in getting there

INDIA KEY FACTS

Geopolitical overview of India's evolution

STAGNATION 1948

The License Raj responsible for stagnation and Hindu rate of growth. Encouraged red tape bureaucracy & corruption

PRIME MINISTER MODI WIN 2014

Reforms look encouraging and market friendly by devolving power to the states to encourage inward investment... a long way to go to dismantle 60 years of bureaucracy & corruption

*"Make in India. Sell anywhere but manufacture here.
We have the skill and talent for it"*
- Modi Current Prime Minister

1947 INDIAN INDEPENDENCE

Indian Independence. Economy modeled along Soviet socialist model with centralized command economy

"Profit is a dirty word" - Nehru India's First Prime Minister

1990 GULF WAR

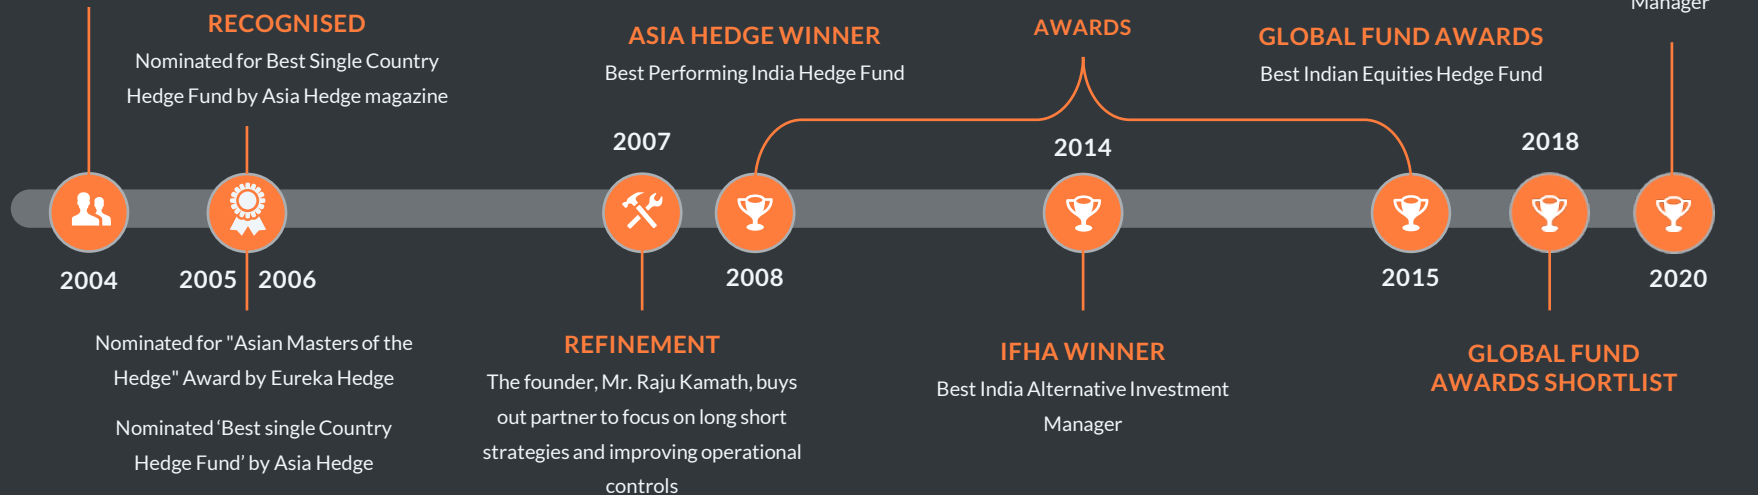

FX reserves depleted to 3 weeks of imports
INR significant depreciation
IMF bails out with USD 2.2 billion loan pledging gold reserves
Rao Government FORCED into economic reforms
Subsequent reforms continue at at pedestrian pace

A BRIEF COMPANY HISTORY OF KUVERA

Key milestones along our journey

\$20M ESTABLISHMENT

Kuvera Fund launch with \$20m seeding from Marshall Wace

KEY PEOPLE **KUVERA**

RAJU KAMATH

Founder, CEO & Head of Investments

Prior to founding Kuvera, Raju spent 10 years with Dimensional Fund Advisors, where he developed and managed emerging markets equity and derivatives portfolios. Assets managed totalled \$1bn, invested across 19 markets. His track record at Dimensional (31 Mar 2003): Morningstar ranked his Emerging Market Fund as the 2nd best performer (out of 107 funds), on a 5-year basis and 3rd best (out of 173 funds), on a 1-year basis. The UK Fund ranked 7th (out of 123 funds) on a 3-year basis and 10th (out of 69 funds) on a 1-year basis. He has an MBA (Finance) from Cass Business School, City University.

WILSON HUDKINS CÁ CERES

COO

Wilson is the Chief Operating Officer of the Kuvera Fund. He is responsible for overseeing multiple business functions and assists in the development of the firm's long-range business plan. Previously, he was a Partner at Sigrun Partners as well as Managing Director at Fortis Bank (Now BNP PARIBAS FORTIS). Wilson has held senior positions at Abn Amro Bank, ACF Corporacion and other international and regional financial institutions. He is a Chartered Financial Analyst (CFA) as well as a Professional Risk Manager (PRM). He holds an MBA as well as a BBA.

ROHIT SHAH

CFO

Previously Rohit was with BP Oil Trading for 15 years in London and South Africa. His responsibilities included the automation and improvement of both back and front office processes as well as development of risk management systems for European Oil Trading. He subsequently founded an IT business. At Kuvera, Rohit is responsible for improving the efficiency of operational controls and automation of both back and front office processes. He is an IT specialist and a qualified accountant.
