Dubai: Kuvera Capital Partners, one of the world's leading India investment managers, yesterday received approval from the Dubai Financial Services Authority (DFSA) to operate from the Dubai International Financial Centre (DIFC).

The move comes as Kuvera Capital seeks to expand its absolute return product offering for the Indian market.

Anoop Villait, Joint CEO and Investment Manager at Kuvera Capital Partners, says the Dubai International Financial Centre offers a prime location with globally recognised regulatory standards and a solid growth platform.

Kuvera Capital's active long/short approach has an unrivalled track-record of providing low volatility returns in spite of the recent corrections seen in emerging markets around the world.
